FEATURE

Robust and compact truck for various sectors

EPT20-ET2L demonstrates robust iron cover and compact chassis, delivering both endurance and agility. This makes it able to cope with rugged and narrow environments.

Lithium technology with integrated charger

EPT20-ET2L features the 48V/20Ah Li-ion battery and the 48V/10A integrated charger as standard, which makes it a workhorse in multi-shift applications thanks to ease of charging. AGM version is also available as an option to meet different needs.

Easy and safe operation

EPT20-ET2L adopts a mechanical rebound spring and castor wheels as standard so that the truck can be operated more easily and safety.

User-centered design

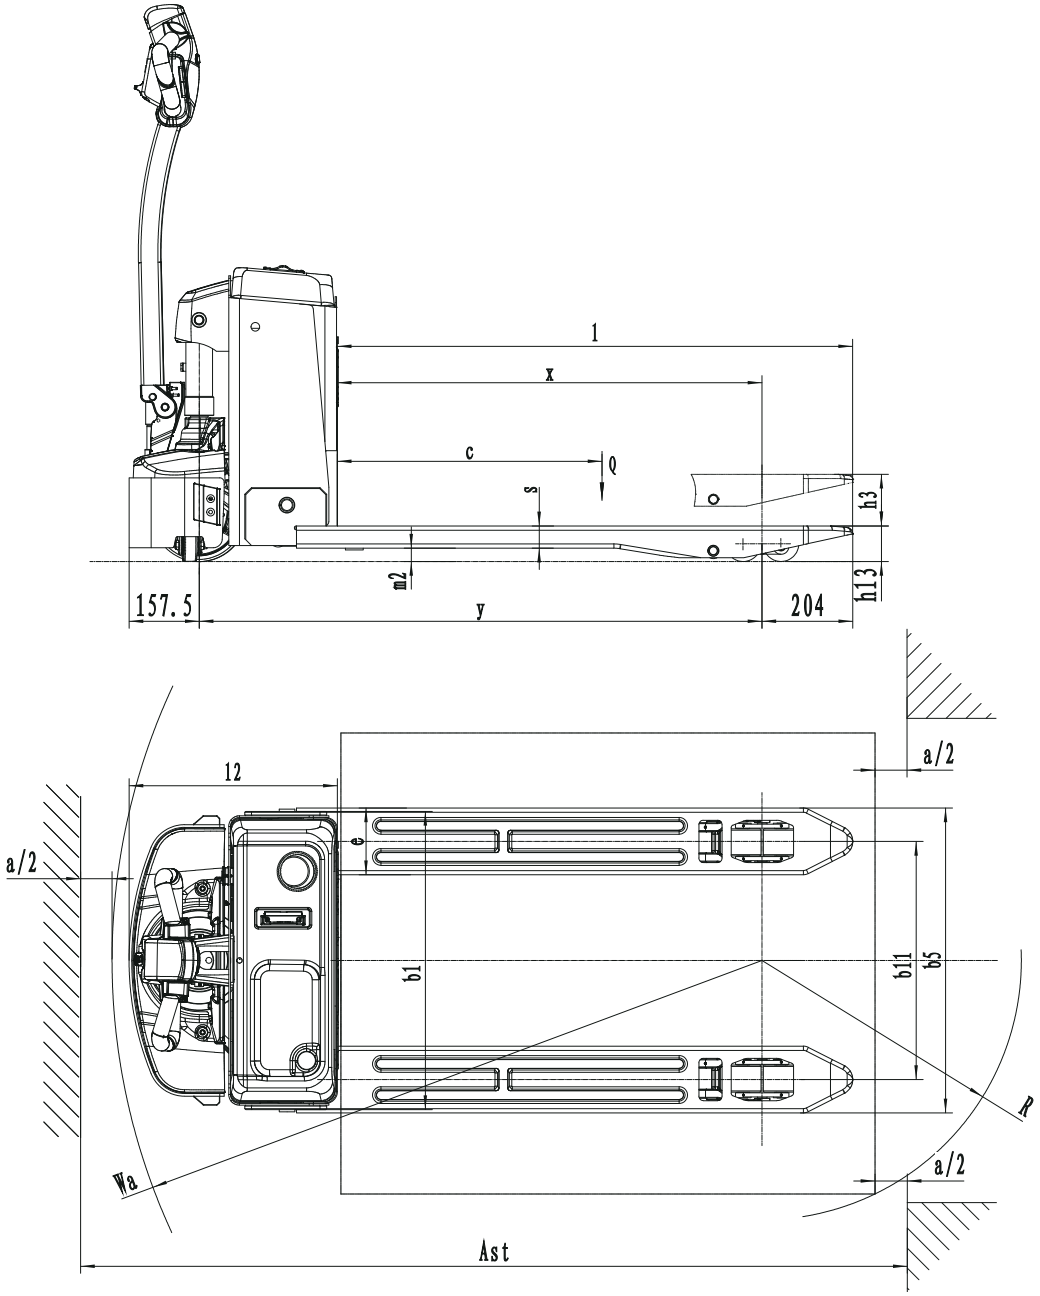

EPT20-ET2L features a metal cover with safety assurance and storage space for daily convenience. It is also easy for diagnosis and maintenance thanks to the good layout of electronic components.
